

SKINCYCLE

for all of your skin cycles

Client Agreement Form

We are honored that you have entrusted us with the care of your skin. It is our intention to facilitate the clearing and management of skin issues in the quickest, safest, and most efficient way. The approach that we use is to give you the strongest products your skin can tolerate.

Having a strong home care routine is ESSENTIAL to this process. We must strengthen it on a routine basis to keep clearing your skin moving forward. If we do not change how you do your home care often enough, your skin will adapt to the regimen and stop responding (in other words, you won't get clear). However, every time we strengthen your home care, we run the risk of drying and irritating your skin.

This is why close communication with us is KEY to successfully clearing your skin.

We want to work very closely with you in this manner for approximately three months. We take our work with you seriously and need to know if you are as committed to having clear skin as we are to getting your skin clear.

Please initial the agreements below and sign at the bottom.

_____ I understand that ideally, I should visit my aesthetician for an acne treatment every two weeks while I am getting clear (typically over the course of three months). However, if for some reason I cannot make it in every two weeks, I agree to call so my aesthetician can strengthen my home care regimen.

_____ I agree to contact my aesthetician immediately if I have adverse reactions to any product, I feel any burning and/or stinging with any product, I get a rash and/or my skin becomes very dry and irritated before my next appointment.

_____ I will not use any other products that have not been approved by my aesthetician while I am on my regimen.

_____ I will not change the regimen given to me without notifying or consulting with my aesthetician first.

_____ I will not run out of product.

_____ I will not have any other skin care treatments while my aesthetician is working with me to clear my skin.

SKINCYCLE

for all of your skin cycles

_____ I will inform my aesthetician of any medications/drugs that I start taking while on my regimen.

_____ I will use sunscreen every morning, regardless of whether or not I will be going outside.

_____ I will inform my aesthetician if I elect to do any laser treatments or waxing for hair removal.

I, _____, hereby agree to all of the above.
